Portfolio: Motion | Viz | 3D Animation

SUMMARY

For over 15 years, as a 3D Generalist and Motion Designer, I have specialized in creating product visualizations, technical animations, and motion design. I create projects from concept to final product, handling all stages of the pipeline: storyboard, modeling, texturing, lighting, rendering, animation, VFX, post-production and UI animation.

So far, I have worked with the automotive, architectural, financial, and industrial sectors, including 250+ freelance projects for 50+ clients, delivering for both local brands and global companies such as ABB, AMD, and Rockwool.

SKILLS

3D & rendering: 3ds Max, Blender, Cinema 4D, Autodesk Fusion (CAD); Corona, V-Ray, Redshift, Cycles
Simulation & FX: tyFlow (particles, procedural animation), Phoenix FD (fluids, fire, smoke), VFX, camera tracking
Animation: Product and technical animation, camera animation, motion graphics, 2D animation, infographics
Post & design: After Effects, Premiere Pro, Photoshop, Illustrator, Figma; compositing, video editing
Pipeline: AI-assisted Python scripting, parametric assets, photogrammetry, 3DGS
AI production: Claude, ChatGPT, ComfyUI, Kling, Veo, LTX, MiniMax, Gemini (Nano Banana), ElevenLabs, Suno

PROFESSIONAL EXPERIENCE

3D Artist 09/2021 - 09/2026
Light Origin | Poznań, Poland

- Produced automotive, product and large-scale architectural animations for NDA clients, including major Middle East real estate developers, one of the world's largest automotive suppliers and a London-based global design and innovation agency.
- Created VFX and simulation shots (particles, fluids, fire and smoke) with tyFlow and Phoenix FD inside client animation projects.
- Built AI-assisted Python scripts automating object, material and scene optimization and texture baking, saving tens of hours of manual work per project.
- Delivered technical animation, infographics, 2D animation and motion design end to end, from brief to final files.

Key tools: 3ds Max, Corona, tyFlow, Phoenix FD, After Effects, Blender, Photoshop, Illustrator, Figma, AI

Freelance 3D Generalist & Motion Designer 01/2010 - present
Do Some 3D Studio | Remote, alongside employment until 09/2026

- Delivered 250+ projects for 50+ clients in automotive, architecture, finance and industry, including 11 repeat clients.
- Run the full pipeline solo: storyboard, modeling, simulation, animation, VFX, camera tracking, post-production, photography and photogrammetry; integrated AI tools into production to shorten delivery.

Key tools: 3ds Max, Blender, tyFlow, Phoenix FD, C4D, Redshift, Autodesk Fusion, After Effects, Premiere Pro, Figma, AI

3D Generalist 02/2020 - 08/2021
Sentient Studios | Remote

- Delivered 200+ marketing and website animations for ABB (industrial robots, electrification for industry and transport) and Conmed (medical devices).
- Handled scene assembly, lighting, shading, camera animation, VFX and post-production.

Key tools: 3ds Max, Redshift, tyFlow, After Effects

3D Graphic Designer 07/2019 - 02/2020
Mighty Buildings | Remote

- Created interior and exterior visualizations of 6 prefabricated 3D-printed house models for the website, sales and investor materials; produced photogrammetry and visual documentation.

Key tools: 3ds Max, Corona, After Effects, Meshroom

3D Generalist 01/2015 - 07/2019
DreamKey Studio | Remote

- Delivered 100+ visualization, infographic, 2D animation and motion design projects for clients from a watch studio to industrial medical facilities.
- Created the El Toro 9005 watch animation single-handedly, from modeling, shading and lighting to animation and delivery.

Key tools: 3ds Max, Corona, V-Ray, After Effects, Premiere Pro

3D Generalist 05/2018 - 09/2018
Luxoft | Contract, alongside DreamKey Studio

- Optimized 3D assets, shading and technical animation for an AMD real-time rendering engine demonstration (Maya, Radeon ProRender).

3D Modeller 08/2014 - 01/2015
QuantumSoft LLC | Contract

- Modeled and textured about 200 technical 3D objects for industrial oil and gas software (3ds Max).

3D Designer 02/2012 - 08/2014
33 Penguins | Remote

- Designed 300+ branded retail outlets built by franchise owners: technical drawings, 3D models, visualizations and motion design (3ds Max, Mental Ray, After Effects).

EDUCATION

Tomsk State University of Control Systems and Radioelectronics (TUSUR) | Russia 2000 - 2005
Department of Radio Equipment Design and Manufacturing

LANGUAGES & INTERESTS

Languages:

- English - C2
- Polish - C2
- Russian - native

Interests: Panoramic and portrait photography, rock climbing, ceramics, guitar, 3D printing
